Thank you for purchasing the bank of

"CIRCULAR" - 128 presets for Gamma-Ray

The bank is the initial step of sound designing upon the successor of Alpha - Ray. Gamma - Ray takes its throne to initiate the birth to the first commercial third-party soundbank. **CIRCULAR** is meant to open the sincere intentions for the truthful sonique symbiosis giving:

- * 10 EFFECTIVE GATED SOUNDS,
- * 7 RUTHLESS VARIED LEADS,
- * 77 EVER-WANTED SEQUENCES,
- * 34 ULTRA-SPECTRAL SYNTHESIZERS.

The attached preset list has the suggestions of individual preset 'VCF invers' to expand the palette of the bank offer. All the bank presets have Modwheel and Aftertouch action mapped.

The graphics by Marcin Buganiuk is my personal tribute to the people of Australia.

Let me know what you think of the **"CIRCULAR"**!

*This copy is for your personal use only, you are not allowed to give it to anyone else.
Please back up the product to a CD/DVD as soon as possible.*
